BEYOND ESSENTIALS License

\$795.00

BEYOND is a professional laser design software made for lighting professionals to create the world's highest quality laser shows and effects. BEYOND supports protocols including DMX, ArtNet, MIDI, SMPTE timecode, OSC, and CTP (making it easier than ever before to integrate lasers into any multimedia system). BEYOND provides you with a complete suite of tools to create any sort of lighting you can imagine, and then gives you the functionality to control your content from a lighting console, PC, over timecode, from a MIDI device, or with other multimedia elements).

The BEYOND Essentials Software License shown here can be purchased with the Pangolin hardware device. You can also try a FREE demo of BEYOND, by [Download BEYOND Demo.](#)
